THANK YOU!

Thank you for choosing the Melissa & Doug Wooden Doll Bed! It's a terrific way to help nurture a child's creativity and imagination, and to inspire children to dote on their dolls for years to come.

NOW IT'S TIME TO PUT IT TOGETHER!

Don't worry, assembling your new doll bed is simple, and we're here to help. Here are a few tips before you begin:

- Read through all the instructions first.
- Clear a flat, covered space (carpeted is best) to lay out all the materials so everything is close at hand.
- You will need a Phillips head screwdriver (not included) and the included Allen wrench to assemble the bed. We've included everything else you will need. All parts are labeled with a sticker (A-D; 1-3).
- The instructions include lots of helpful pictures—we show you, step-by-step, exactly how to align pieces and parts for speedy and accurate assembly. Note that hardware needed for each step is shown in the upper right corner of the page, each piece being added in a given step is highlighted in gray, and the “assembled view” (what it looks like in the finished product when the step is completed) is included in the lower right corner of every page.
- In the instructions, the name of a part is followed by a letter or number in parentheses. This letter or number corresponds to the sticker on the part, as well as the picture of the part shown on page 2.
- Helpful hints are highlighted with a large exclamation point.

IMPORTANT: Helpful hints are found here.

- If you have any questions, we're here for you! Give our customer service team a call at 1-800-284-3948!

WARNINGS!

Retain these instructions for future reference.

Warning: Prevent Tip Overs!

- This doll bed is not intended for child seating. Use only with dolls.
- Do not allow children to sit or stand on any part of the bed.
- Never place computers, televisions, or other heavy objects on top of the bed.
- The bed must be assembled as instructed.

MAINTENANCE:

Ensure the doll bed continues to function properly and safely by regularly checking the hardware and tightening when necessary.

How to Correctly Install Barrel Nuts

IMPORTANT: Press a barrel nut into the hole in the part, making sure the “+” pattern is facing up.

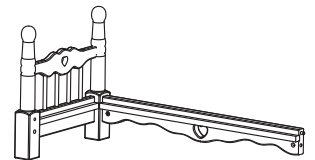

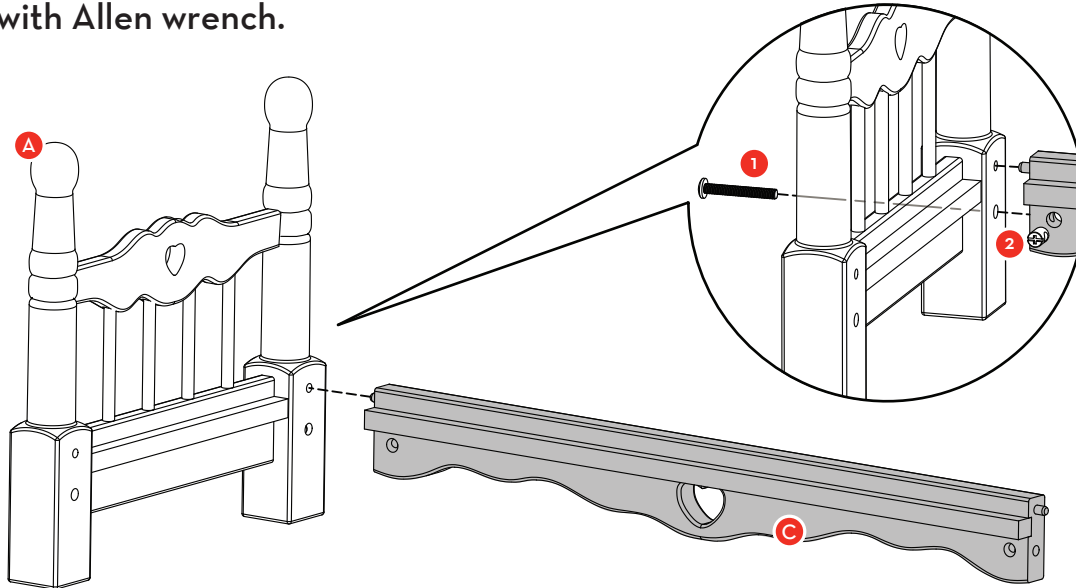

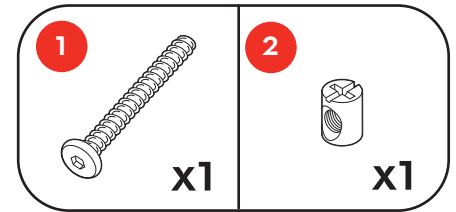

IMPORTANT: Using a Phillips head screw driver, turn the nut until the “+” is straight and the threaded hole is facing outward to accept the bolt.

STEP 1 - Every Journey Begins with the First Step

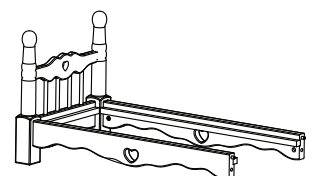

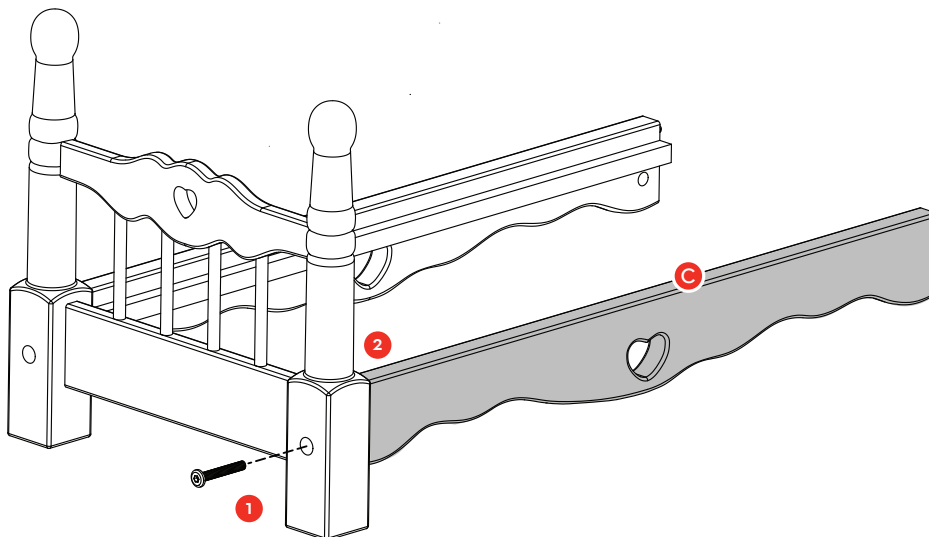

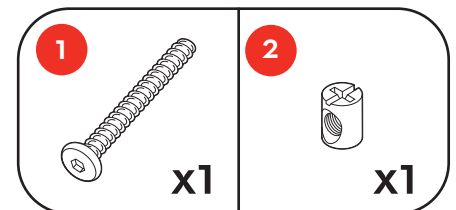

Insert a barrel nut (part 2) in the hole in the side rail (part C). Refer to instructions on page 3 regarding how to properly install barrel nuts. With the flat side facing out, fit the top dowel of the side rail (part C) into the top hole of the head board (part A). Insert one hex head bolt (part 1) and tighten with Allen wrench.

STEP 2 - Side by Side

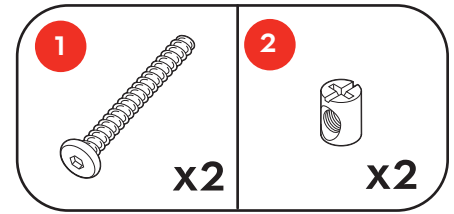

Insert a barrel nut (part 2) in the hole in the other side rail (part C). With the flat die facing out, place the other side rail (part C) top dowel into the opposite end of the head board (part A) and follow same fastening procedure as Step 1.

STEP 3 - Put Your Best Foot Forward

Using 2 hex head bolts (part 1) and 2 barrel nuts (part 2) attach the foot board (part B) to the assembly.

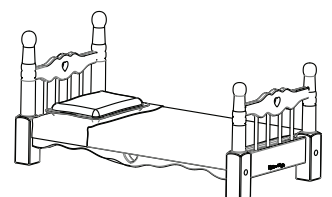

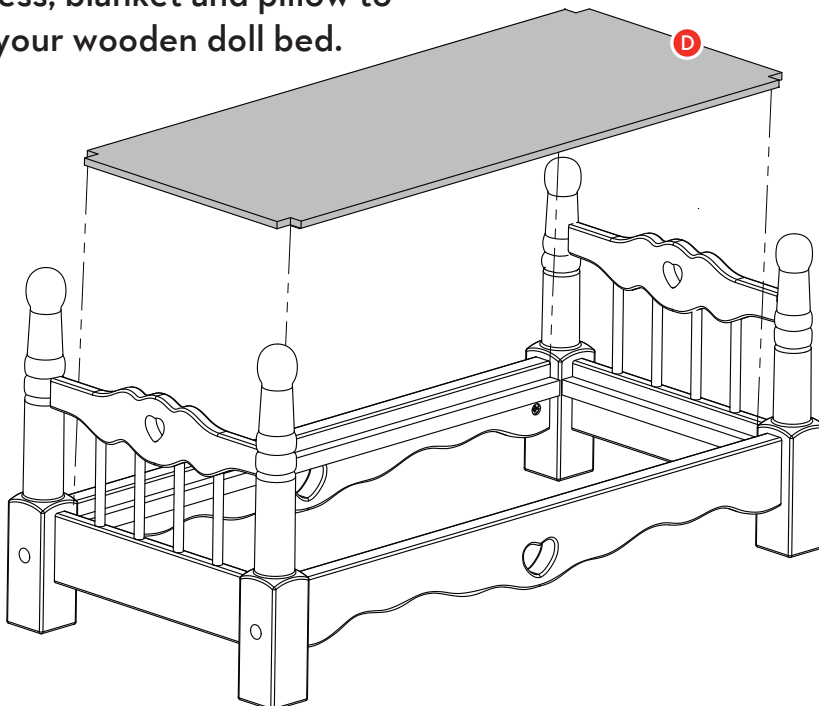

Tighten all screws completely.

STEP 4 - You're Done - What Fun!

Place the platform (part D) onto the bed frame.
Add mattress, blanket and pillow to
complete your wooden doll bed.
