

Memory Game

PLAY INSTRUCTIONS

A GAME FOR 2 PLAYERS

OBJECTIVE

Find more matches than the other player.

SET-UP

Begin with all the doors on the board closed. Without looking at the pictures, select one of the seven themed game cards and insert it into the slot at the top of the board. Decide which player will use the red score tracker and which player will use the blue.

BASIC PLAY

- The younger player goes first. Players take turns opening two doors, one at a time.

- If the pictures behind the doors match, the two doors remain open and the player scores a point on his or her score tracker. This player continues playing until failing to make a match.
- When the pictures behind two selected doors do not match, the doors are shut and it becomes the next player's turn.

WINNING THE GAME

The player with the most points after all of the matches have been made is the winner! If the players finish with the same number of points, the game is a draw.
