

Travel Bingo

PLAY INSTRUCTIONS

GAME INSTRUCTIONS

A GAME FOR 2 PLAYERS

OBJECTIVE

Be the first player to spot four objects and cover them up in a vertical, horizontal, or diagonal row.

SET-UP

This game must be played while traveling on a road. Both players select a Travel Bingo board, insert matching game cards into the slot at the top of their boards, and flip open all of the doors so the pictures on the card are visible.

BASIC PLAY

- Players look for the objects pictured on their cards during their travels. As players spot one of these objects, they point at it and shout out its name. The first player to shout out an object's name closes the corresponding door on his or her board.

- The other player may not use the same object to close a door, although a similar object spotted later is acceptable. For example, if one player spots a fire truck, the other player must find a different fire truck.
- If both players spot an object and shout its name simultaneously, they may both close their corresponding doors.

WINNING THE GAME

The first player to close four doors in a row, either vertically, horizontally, or diagonally, and shout "BINGO!" wins! If both players shout "BINGO!" at the same time, the player with the most doors closed is declared the winner. If both players have the same number of doors closed, keep playing—the first player to spot an additional object and close one of their remaining doors is the winner!
